Method of Computing per day user and user rate: 2017-18

- Step 1- Calculated total number of users of the library offline as well as online in a year
Step 2- Calculated total number of working days in a Year
Step 3- Divided total number of library users with total number of working days in a year

Answer is the average per-day usage of the library 2017-18

- Step 1- 8520
Step 2- 180
Step 3- $8520/180 = 47.33$

Answer = 47.33

Average per day usage of the library = 47.33

Total number of students = 336

Total number of teachers = 22

Percentage per day usage = $\frac{\text{Number of teachers and students using library per day}}{\text{Total number of teachers and students}} \times 100$

$$47.33/336 \times 100 = 14.08$$
