Report of Training Programme

Examination committee of Loknete Gopinathji Munde Arts, Commerce & Science College, Mandgad has organized Training Programme on How to face ONLINE Examination on Google Form on 17.01.2021 at 12.30 pm by Dr. Parhar V.D. & Shri. Bulakhe S.C. will be the Resource person. Google forms is the first tool that comes to anyones mind when thinking about conducting an exam. It is a simple and easy to use tool, though there are many shortcomings. Lets start with how google form can be used for conducting an online exam.

Google form is widely used by teachers to conduct exams online. Google form supports multiple question types like MCQ, subjective questions, etc. Google forms also have the facility to upload images in questions as well as answers which have made life easy for teachers and students who find it difficult to type using a phone or computer. All they need to do is write on paper and take a photo using google form. Google forms also have a quiz option where you can add marks to questions and their correct answer. This feature helps auto-correct the question upon submission. But this is limited to multiple-choice questions.

After the COVID pandemic started there has been a drastic change in how education is happening throughout the world. Technology played a crucial role in supporting these changes but not as expected. Not every software was designed for teachers, not every facility required for teachers was unavailable in these softwares. Many new facilities were launched but still, they were complicated for less technically savvy teachers. One such example is Google forms. They also explained how to give Exam on the Google form. Also given following Instructions to Students:

- Fill up your personal details carefully.
- All questions are compulsory.
- Try to submit the paper in 1 Hour.
