The agenda of the meeting.

All the IQAC members unanimously accepted the minutes of meeting which was held on 23<sup>rd</sup> July 2020.

Dr. Subhash Sawant, Principal in charge informed the members about the difficulties encountered in online teaching. Problems with internet connectivity for students living in remote rural areas. Some students do not have facilities like mobile laptops at home. Some have only one mobile phone at home and two to three students from different classes. In such a situation, not all these students can attend online at the same time. So, for the students, the professors prepared study material in their respective subjects and posted it on their respective WhatsApp group, while some of the nearby students provided their prints. In this way we have tried our best to overcome all these difficulties. Online exams are conducted as per the instructions of the university.

The Honorable Principal in charge emphasized the need for strengthening E-Resources to overcome the hurdles in online teaching. As per the proposal made in the previous meeting, some social organizations helped the college financially as well as materially to make up for the damage caused by the cyclone. This led to the expansion of the library as well as the strengthening of the computer lab. The social organizations that directly or indirectly helped in this. All these were reviewed in detail by the approved principals.

Finally, Dr. S. A. Ghadage proposed vote of thanks.
