Report of Activity
Lecture on Research Methods in Social Sciences

The Research Committee and IQAC jointly organized a lecture for College students and teacher on '**Research Methods in Social Sciences**' on 05-08-2017. Recourse person for the lecture was Dr. Bharatkumar Solapure, He was working as a Head of Department of Economics in our College. The lecture has very interactive and useful for the students as well as teachers.

In his interactive lecture he explained an background and Journey of social research and also explain the importance of research methods in the social sciences. Initially he has explained the various concepts regarding research methodology and social science. He was took the review of research methods used in the social sciences research. He also classifies the research in two categories Qualitative and Quantitative. Most of the Pure science research is the first category i.e. quantitative research but in the social science the qualitative research is often used. The social science research is conducted in the society and this research is depending up on the opinion and information given by the peoples. The data collected from the people is can be qualitative; hence Social science research used the qualitative techniques of research.

Dr. Bharatkumar Solapure Explain and finally conclude that social research is most important for the development and up-liftman of society.

Report of the Lecture on

Research Methodologies in Humanities

IQAC of Loknete Gopinathji Munde Arts, Commerce & Science College, Mandangad, Dist. Ratnagiri has organized a lecture on *Research Methodologies in Humanities* on 06-08-2019. Dr. Rajiv Kamble was the resource person for it. In his address he explained that research is a process of systematic inquiry that entails collection of data, documentation of critical information, analysis and interpretation of that data/information, in accordance with suitable methodologies set by specific professional fields and academic disciplines. Hence training in research methodology becomes essential for all the academic community. Research in the humanities can be accomplished through a surprisingly diverse range of methods, which apply equally well to the study of languages, literatures, the fine arts, applied arts, and religion. He delivered information about the different approaches such as Marxist, Feminism, New Historicism, Postmodernism etc. He also told to prepare abstract, key words, methodology, objectives, core of the research article/thesis, conclusion and bibliography.

Report of Activity
Lecture on Market Research Techniques

The Research Committee and IQAC jointly organized a lecture for College students and teacher on 'Market Research Techniques' on 10-11-2020. Recourse person for the lecture was Mr. Sudarshan K. Dawane, He was working at Department of Commerce in Sundarrao More College, Poladpur, Dist. Raigad. The lecture has very interactive and useful for the students as well as teachers.

In his interactive lecture he explained an background and Journey of Research in commerce and Marketing and also explain the importance of research techniques in the Business. Initially he has explained the various concepts regarding research methodology and Commerce. He was took the review of research methods used in the Marketing research. He also classifies the research in two categories Qualitative and Quantitative. Most of the Pure science research is the first category i.e. quantitative research but in the Market science the qualitative research is often used. The Market science research is conducted in the society and this research is depending up on the opinion and information given by the peoples. The data collected from the people is can be qualitative; hence Market science research used the qualitative techniques of research.

Mr. Sudarshan K. Dawane explain the use of resent techniques in market research and finally conclude that Market research is most important for the development and up-liftman of society.
