Report of the Lecture on

Gender Sensitization- Status of Women in Society

Dr. Ashok Patil in his address discussed the status of women depicts the social, economic and mental condition in a nation. Women have been regarded as a symbol of spirituality in our scriptures. Yet, women were denied rights and equality in ancient Indian civilization. They have been treated badly and unequally to men. Social evils such as dowry, sati-system, child marriage, and female infanticide were widely prevalent in the early ages. The spread of education and self-consciousness among women has led to their progress over the period. Women of today are empowered. Also, women are gaining advancements and success in each and every field. True female liberty is only achievable when people shift their restrictive attitudes and mindsets regarding women. He also added different acts of violence faced by women. The violence against women in India includes kitchen fires for want of dowry, sexual assaults, cases of rape, prostitution, throwing of acid. Also, the evils of child marriages are also widespread even today. Female infanticide, indecent behaviour, and honour killings add to the misery of the women. Also, sex-selective abortion is a deep-rooted evil leading to inequality in the sex ratio.

Outcome of Activity

The students acknowledged Gender sensitization can induce restructuring of gender roles based on efficiency and can help realize higher productivity of men and women in household and outside work through rational and effective use of resources including available time. They also came to know the misery of women in society, different violence faced by women. Students decided to behave as per the principle of equity.
