

Policy Document on Energy Conservation

Preamble:

To promote environmental consciousness and holistic development of students, our college has adopted Energy Conservation Policy. The institution aims to reduce energy consumption, assure acceptable indoor air quality, and improve energy efficiency on campus through methods that are consistent with a safe, secure, and Eco-conscious campus community realistically and comprehensively. As outlined in this policy, energy conservation will be accomplished by developing a proactive and progressive approach to providing energy-efficient, responsible, and cost-effective operation on campus.

Applies to:

Faculty, staff, students, and visitors.

Energy Conservation Practices:

1. Annual Energy audit is made mandatory.
2. Our Energy conservation practices include the College replacing all tube lights with LED tubes, LED bulbs being the most energy-efficient lighting option.
3. Turn off unnecessary lights and use daylight instead.
4. To offer opportunities for employees and students to engage in initiatives that contributes to environmental protection.
5. To create awareness that small actions matter-Save energy labels/posters are put up at various locations in the college.
6. Use of natural lighting and ventilation is encouraged as and when possible.
